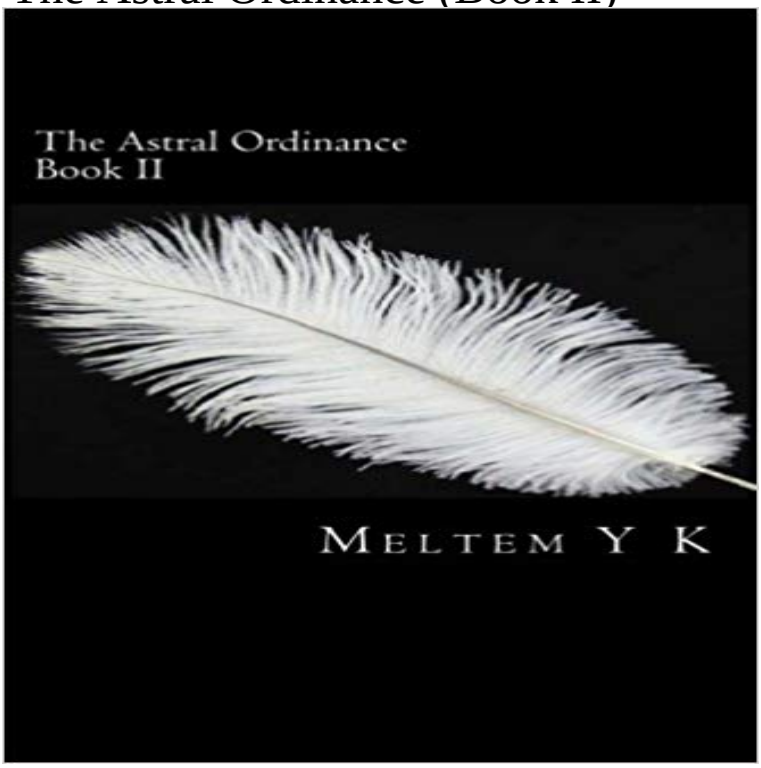
The Astral Ordinance (Book II)



With a special permission from the Ascended Masters, Jayna and Ethan have a spectacular wedding in the Astral plane. Jaynas family and close friends are also transported to the wedding and they experience the Astral plane for the first time. Life goes on in a happy monotone for the next few years. Jayna and Ethan are together every night, but they are still forbidden to see each other on the Earth plane. One morning, Jayna and Liam do not wake up from their state of suspended animation. Their family is frightened out of their wits and hold vigil by their beds. With a lot of help from Hope and guidance from the other side, the siblings finally awake. Something major has happened on the Astral plane and Jayna is not telling them the whole story, but there is no denying the sense of danger. Their almost perfect lives are about to unravel.
