

## Papel Picado: Mexican Paper Designs for the Day of the Dead: Coloring Pages for Kids and Kids at Heart (Hands-On Art History)

In Mexico, cut issue paper or papel picado is a traditional decoration for Cinco de Mayo, the Day of the Dead, national holidays, weddings, funerals, and many other celebrations. These festive, brightly colored sheaths of paper hang from banners strung along balconies, across streets and buildings, homes, and squares. They are inexpensive and ephemeral, which means that people create and recreate these beautiful paper works.
