

Destiny (Experimental Heart)

...Do you know what its like to kill without regret?Eira only knew one thing in life--to kill. Designed to be an emotionless killing machine of war she had no desire to be a puppet of anothers master plan. Escape was the only option. A normal, free life was the only goal. Labeled as a failure, she took the opportunity to run and was hunted. But destiny had other plans....Do you know what its like to kill without being able to feel?A fateful mistake throws her in the path of a mysterious dragon, who makes an offer that is hard to refuse. Accept his help to gain her desired freedom or keep running with an eye over her shoulder....Do you know what its like to live in hell?But, can she really trust him?...Didnt think so...Book 1 in the Experimental Heart Series.Books are meant to be read in order.Revised edition of formerly published book, Experimental Heart: Pieces
