

Quest for Love: A Womans Desparate Search for Love Leads Her to Emotional Death, Then Life

After drafting the first chapter of her autobiography, my mother engulfed herself in raising her grandchildren who were physically abused and craved her unconditional love. Compelled by her incredible journey, I embraced Mamas abandoned chapter and spent five years re-living and recording many childhood memories. Allow me to present this powerful story of my mothers life and physical, mental, emotional, and spiritual death. For many years, Mama sought purpose, meaning, and fulfillment in life, and found consistent betrayal, fornication, desertion, deception, abuse, adultery and poverty, along with six children to raise alone. Exhausted, Mama lay on the couch to wait for death. Love came in and moved Mama off the couch and into a real relationship!
