

## Listening Against the Stone: Meditations

Listening Against the Stone brings together selections spanning the breadth of the work of Brenda Miller, including six essays that have won the Pushcart Prize. These deeply personal essays paint a picture of how her sense of spirituality has evolved and shifted through the years: always rooted in a strong desire for connection. Together, they tell the story of a single woman her way, stumbling but always seeking out touchstones--a dog, a friend, a painting, a tree--to help her gain her true bearings.
