

Cavalier King Charles Spaniels (Barrons Complete Pet Owners Manuals (Paperback))

Although its ancestors were hunting dogs, the playful, child-tolerant Cavalier King Charles Spaniel has easily adapted to household living and makes a wonderful pet. This new title in Barrons Complete Pet Owners Manuals series advises and instructs current and soon-to-be pet owners on all aspects of the animals care. Filled with color photos and useful line art, all books in this series present information on housing, feeding, health care, the title animals traits--and where applicable, on grooming, training, and breeding. Many of the nearly 200 titles in Barrons Complete Pet Owners Manuals series focus on dogs and cats of many different breeds. Other titles are written for owners of birds and mammals that are suitable as pets. Aquarium and terrarium hobbyists will also find titles that advise on care of different fish, reptile, and amphibian species. Each book in the series is written by an expert trainer, breeder, veterinarian, or other animal specialist.
