

Forging a Hero (The Chronicles of Drago Book 1)

Drago has always dreamed of being a hero, with his tales sung by the bards through the coming ages. Unfortunately, the small town he calls home is known for its quality metals and textiles and not for adventure. Instead of facing hordes of vicious monsters with blade in hand, Drago slays veins of iron and silver with a heavy pick. His friends consider his life of working the mines, hunting the fields, and drinking the taverns dry to be idyllic, but he never felt that was enough. So when tragedy strikes his humble home Drago leaps at the chance to become a hero. Will his adventures hone him into a keen weapon, or will the flames of destiny crack him like ill-tempered iron?
