

Crossroads

Angela has been searching for her mysterious lover ever since the night he protected her from criminals by transforming into a creature like none she ever seen, caring little for his monstrous form. It matters only that he is the man she loves. Her search leads her far from her hometown, a trial not only of her love, but of the very meaning of right and wrong, of hunter and prey. Angela's real danger is seeking Andrew even as she is hunted by the true monsters of the world: her own kind.
