

Convergence #0 Black & White Variant Cover

Where do worlds go when they die? The Earthquakes felt round the Multiverse, Supermans lost days after Doomed, the Worlds End - all these points will converge as the history of the DCU is spun from a new perspective, the perspective of a mad god and his arrogant child. The biggest story in DC history ties into literally every DC story ever told - and it all begins here. Kingdom Come, Red Son, Wild West Justice League, Captain Carrot and the Zoo Crew - all the worlds you remember can still be found on Telos. Everything matters. Every story matters. Dont miss the start of DCs April/May 2015 event with this special issue!
