

## Eaters

When Cheryl and her fiance, a soldier who has just gotten back from Afghanistan, are on their way back to Denver after a reunion camping trip in the mountains, she hears that an epidemic has spread like wildfire. She has no idea that just a few hours later her life will be threatened by hordes of Eaters, the infected whose lust for rotten food quickly turns to an insatiable desire for human flesh once their corpses are reanimated. Cheryl witnesses the best and worst of human nature as she and a group of refugees struggle to stay alive. What will she have to do to survive in this new dark world?
