

Dream Keepers When the Water Flows Through Again

Golden Fish begins yet another exciting underwater adventure in search of the five Living Codes that can only be found in the Undiscovered River. When a visit with the Magnificent Whirlpool reveals hidden truths within her dreams, Golden Fish eagerly continues her journey in search of the third Code. But to her surprise - the third Code can only be found by returning to the Great Pool - the one place she vowed to never return. She meets Nogil, one of the Dream Keepers responsible for blocking the tunnel that once guided water creatures from the Great Pool back to the Great River. With the help of her river friends - Eliasor, Mot and Comet - Golden Fish finds herself amid unexpected and revealing events that lead her to see, for the first time, the waves of color and light! An uplifting journey that begins underwater continues on in Diane Arrudas beautifully illustrated and inspiring tale of self discovery. Author Diane Arruda created The Undiscovered River series through a search to find meaning and understanding in her own lifes journey. She invites readers to travel with Golden Fish and share exciting adventures while following her true dreams. Arruda is also the artist for these stunning and detailed illustrations.
