

GODWALKER

Democracy isnt just a good idea - its the foundation of the universe all the way down. Ignorance is no excuse for the cops and creeps and exterminators whose desires shaped the world. Knowledge is a little power, a dangerous thing, to the cross-dressers and risk-takers who understand enough to damage the world more to their liking. They all collude and collide on a driverless ride, each trying to be the one to break the secret heart of the world. But only one can claim the prize of being the cosmos corrupt ward boss. Only one can be the Godwalker.
