

Four Star Sight Reading and Ear Tests for Piano - Three Book Set - Book 6, Book 7 and Book 8

This graded series of eleven books, covering beginner to advanced levels, develops comprehensive reading ability and musical understanding. Assignments are organized into daily sight-reading and ear-training exercises to facilitate regular practice at home. Books 5 through 10 feature excerpts from standard repertoire in a variety of styles and textures. Book 6 (Frederick Harris Music 4S6) includes a greater variety of styles and textures in sight-reading exercises, increased technical and notational challenges, and an introduction of triplet and sixteenth-note patterns. Book 7 (Frederick Harris Music 4S7) includes the identification of major and minor triads and dominant 7th chords, and the use of sixteenth notes in sight-reading exercises. Book 8 (Frederick Harris Music 4S8) includes the identification of diminished 7th chords, perfect and plagal cadences, and interval recognition of all perfect, major, and minor intervals. This proven series offers an effective way to prepare students for the requirements of many examination systems including: RCM Examinations (meets the Piano Syllabus, 2008 Edition requirements), National Music Certificate Program, Certificate of Merit (Music Teachers Association of California), National Guild of Piano Teachers, and the curricula of most MTNA (Music Teachers National Association) affiliates.
