

The Worlds of Earth (The Great Portal Wars Trilogy) (Volume 1)

It was just supposed to be a simple walk after dinner for Jennifer Hannings parents, but now her father is missing and her traumatized mother refuses to talk about what happened to him on that night. To make matters worse, Jen is having strange dreams in which a voice is summoning her into the very forest where her father disappeared. Indeed, there is someone looking for Jen or something. Join Jen on her journey as she discovers the mystic being calling her name, the danger her father, John, is in, and its ultimately up to her to rescue him. Leaving her old life behind, Jen encounters both majestic and terrifying creatures, and quickly becomes embroiled in a war that has been waged against Mankind since the very day of their conception.
