

The Caldor Chronicles Book 4: Back to Work (Volume 4)

His new ship finally ready, Lord Rondal Caldor, First Sword of the new Emperor, finally begins his task in earnest; finding a satisfactory resolution to the Drecks issue. First, though, he has to ferret out more information about their society. To help him out, the Emperor's First Wife, Lady Liling Song, has convinced him to take along a helper this time; his long-time, ex-mercenary companion known as Four. Together they are able to secretly pry the clusters of the Hegemony and bring both secrets and refugees from their suppressive society and bring them to a safe haven. His geas, now acting under a tentative truce within him, is helping when the situation warrants and Rondal is balancing his actions with the enemy while fighting off pressure from the Elder, Lady Ai. Fortunately, he discovers more help on his side when his Senior Staff make themselves known and apply their talents to his efforts. More surprises await him as he stumbles over secrets within secrets and finds allies where enemies used to reside. An Adult-Themed, Science-Fiction Space Opera
