Its refreshing to have a modern novel that, rather than degrading, actually celebrates familial ties, extreme intelligence in one of the main female characters, cooperation to achieve goals, and respect for nature. Tanya Goodreads.com --An abandoned 10th century Irish village. --A twin sister with no knowledge of her magic abilities. --A giant wolfhound with telepathic powers. It all waits to be discovered in Gollup the Woods, an unforgettable novel that mixes fiction and friendships into a wonderful reading experience. As our story opens, a horrific family tragedy sets thirteen-year old twins Josie and Seamus journeying to Glendalough Ireland, where they discover the crumbling ruins of a monastic city ten centuries old. As they explore its abandoned churches, it becomes clear to the children that there is much more to their story. Their grandmother may have been dangerous. Their parents may have been hidden from an enemy for good reason. And somehow impossible though it seems the twins may be the key to the survival of 13 worlds.
