

Fireblade

Two hundred years have passed since the great war. Evil magick and violence still ravage the lands of Vercinnor. Human kind wars with elves, the Wyzaerds have all but vanished from Terralea and darkness blackens the horizon. A young elf, Aicanaro, must walk a path between light and darkness where only he can govern his true destiny. As a nomadic assassin, diplomat and General, Aicanaro is tested and tempered in the flames of battle. By blade and fire, Aicanaro mitigates his heart and quiets his rage on the front line against evil. The war selects its champions carefully, reluctant as they may be. Out of the inferno and ash an unlikely legend is born who may be the only hope for all of Terralea. Fireblade is the first book of the series which chronicles the life of Aicanaro from his humble and tragic beginnings through his struggles with life, death, love and hate. The war between the elves and humans quickly approaches its climax as, on the fringe, the dark elven race; the Shaedyri, vie for their piece of Vercinnor. Aicanaro must become a legend to return peace to the land. But will the cost be too high to pay? Will the once clear lines of good and evil blur beyond recognition, or will the war end all of Terralea before there is a chance for peace?
