

## Revenge of the King (The Royals Book 3)

This is the final book in The Royals trilogy where the twins, Tarret and Garret finally find out who their father really is, but before they find out about their real background, they find themselves trying to defend themselves from assassins. When the assassins fail to kill the twins, the man who was responsible for the hardships the boys had growing up after their mother dies, kidnaps Queen Annaleia. The mad man behind the kidnapping doesn't know that taking Tarret's new bride from him is not the way to keep Tarret from doing anything to get Anna back safe and sound. Tarret couldn't even think about ruling another kingdom. How could he do that and be fair to the people living in two different kingdoms. All he wants right now is to get Annalea back safe and sound.
