

## Space Enough And Time (Time To Live, Time To Die Book 4)

Two things merged to totally bollix up Richard Constables life. The first was when a man was found dead outside a storage bay rented in his name. The second was when he opened the mysterious storage shed and found a time machine. Lots of people were trying to invent time machines, and someone came back from the future to show Richard just how it was done. Every intelligence agency on earth wanted the machine and Richard dead. There was only one way out...
