

James Harringtons Magnifica: Gravestalker (Volume 3)

The final chapter in the story of the last enchanter and his friends. Toby and his friends have been through tragedy and hardship, but are now presented with the chance to set everything right. There is a lot of risk in what they are about to attempt, but if they succeed, everything may be set right again. However there are those that have their own agenda and would seek to manipulate the situation. If Toby isn't careful, the whole world could soon pay for his mistakes. This is a pivotal moment for the young enchanter as win or lose, the last of his powers will be spent when they are done.
