

Kismet

Kismet is journey of a young boy with the same name. He was born in an ordinary place, with an ordinary mother, but at a young age, quickly discovers an extraordinary secret. The story takes place in a dystopian set of alternate universes which takes Kismet to many different lands using a sort of thought travel. Gable says, I have been struggling with how to describe [it] for so long and I still cant. I just thought, Hey wouldnt it be cool if there was this being who could alter peoples timelines with good versus evil? If they do evil they receive evil and vice versa.
