

The Day of Fire: The Long Walk Home (Volume 1)

Now updated and available in paperback!

The story of our world, starting tomorrow. There has never been a doubt that the Moyers were choice. Survival means having to make hard, life and death choices, but their destiny may not be in their own hands. The world is about to fall to pieces and all they will really have is each other and their faith. Echoing the times and events, follow this family as disasters, man-made and acts of nature, fall in rapid succession. Then a deadly disease and a day of fire drives civilization back into the 18th century. Robert Moyer and his family were as ready as anyone could be. But hard choices need to be made and lives will be changed forever. Multiple lives converge as events lead toward a deadly show down where not everyone will survive.
