

My So-called Afterlife

Imagine setting off for home one dark New Years Eve and never reaching your front door. Imagine losing everything youve ever known in one horrific moment. Imagine knowing youll never hug your mum or dad again. And imagine having to spend eternity in the most horrific, awful place you can think of... For fifteen year old Lucy Shaw, thats reality. Stuck in the mens toilets on Carnaby Street, shes trying to come to terms with her own death, the bone-crushing loneliness and a floor thats swimming with pee. Until the unlikelyst of saviours walks into her afterlife, that is - a twenty-seven year old lighting engineer called Jeremy, the only person whos ever known she was there. Together, they find a way to get Lucy out of the loo and discover theres a whole afterlife of mates, parties and boys just waiting to be discovered. But the shadow of Lucys murderer is looming again and its only a matter of time before someone else gets hurt. Is Lucy about to lose everything she loves again? Murray is someone to watch, her novel drives along with great gusto, theres plenty of fun to balance loss, its boy meets girl but so refreshingly different. --The Bookseller A wonderful debut novel which, as well as being laugh-out-loud funny, is full of insights, compassion and love. -- Lovereading A funny and poignant book, with a ghostly teenage heroine torn between life and death, and childhood and maturity. - Julie Cohen (Dear Thing, The Summer of Living Dangerously) Deeply moving and beautiful and funny and quirky, My So-Called Afterlife is a must read. Liz de Jager (Banished) An engaging modern ghost story with heart... Helen Grant (The Vanishing of Katharine Linden, Silent Saturday, The Demon of Ghent) If only all ghosts novels were as spookily hilarious as this one. A wonderful read. Hilary Freeman (Camden Town Tales, Loving Danny, Lifted)
