

The Keeper

The Keeper is three stories in one. It is the story of how an eleven-year-old girl diagnosed with juvenile diabetes attempts to balance her life as a soccer goalkeeper, student and teen. It is a story of how a social worker and single mother mourns the loss of her healthy child and seeks guidance and wisdom on how to facilitate and maintain a sense of normalcy in a family disrupted by juvenile diabetes. And finally, it is the story about the Almighty Keeper who remains faithful in providing mother, daughter and family with Peace, Hope and Answers to their ongoing questions. The Keeper provides facts, practical advice and self-care suggestions. It is meant to be a handbook, workbook and journal. May you find support, Gods Peace and solace among its pages.
