

Forbidden Rain: A Dystopian Love Story (Blue Spectrum Chronicles Book 1)

Forbidden Love Has Never Been so Exciting! What if you had to choose between your life or someone else's? Rain is on the Fast Track, her life set on a perfect course until Orion struts into her geography class and eventually into her heart. But the new boy has secrets, not only about Rain's family, but his own. Rain gets caught up in a tangled web of lies and deceptions that eventually bring her under the Administrations prying eyes. When Orion suddenly disappears along with her autistic brother, Rain thinks that her world is shattered. But Rain must face the biggest decision of her life and there are only two paths to follow. Which one will she take? Book 1 in the Blue Spectrum Chronicles will keep you tethered to your seat, waiting to turn each page to see what happens to a young couple who bravely dares to fall in love at a time when it is strictly forbidden.
