

Distracted by Fate (The Witches of Spring Hill Book 4)

In the first three books of the Witches of Spring Hill series, the Alexanders and Silvans joined together to defeat enemies. Now, its not just enemies that are the problem, its the past. Brianna, Cian, and Xavier Silvan have always been interested in their history, but once they met Kaiden, Chloe, and Rowan Alexander their desire for information about their past grew even stronger. And the Alexanders arent the only ones with secrets the Silvans have some of their own to uncover. Now that theyre living in Aspen, Colorado in their old family home, they cant avoid the truth. When a stranger approaches Xavier with information about his father, Michael, he has no choice but to pull on the thread and start unraveling their history. But William Coulson is no stranger to the Silvans they just dont know it. He has to find a way to prove to the Silvans and Alexanders that they can trust him, before someone else convinces them otherwise. His arrival brings them all face-to-face with a truth they arent prepared to hear, new enemies, and a fate none of them saw coming. Family secrets exposed, exciting new characters, and the healing of old wounds abound in this fourth book of the Witches of Spring Hill series.
