

Coloring to Calm, Volume Two: Patterns (Coloring Books for Adults) (Volume 2)

GET YOUR COLOR ON! This book is your portal to coloring yourself into a calm state of mind, while transporting you back to one of childhoods most popular and creative activities: Coloring! All of the designs are original and will gently pull you into their intricate lines, shapes, and swirls allowing your mind to lose itself in the peaceful and tactile act of putting color onto paper. Each of these patterns is printed on a single side of the page (the reverse side is blank) to prevent indentations and ink bleed. Included at the end of the book (for extra protection) are two blank pages for you to remove and place behind the pattern youre working on. Coloring to Calm, Volume Two Patterns provides hours of coloring fun and peaceful relaxation as well as an avenue to explore your creativity. Grab your colored pencils, ink pens, or a medium of your choice, and get ready to fill the pages with your unique and colorful expressions. While you wait for your coloring book to arrive. . .
