

The Adolescent Girl: A Study From the Psychoanalytic Viewpoint (Classic Reprint)

Excerpt from The Adolescent Girl: A Study From the Psychoanalytic Viewpoint. Dr. Blanchard, the author of this book, was able under unusually favorable conditions to utilize some of the fundamental concepts of psychoanalysis in solving her own adolescent problems, and has since read widely in this field and had interesting and profitable experiences in helping other young women through the perturbations of post-pubertal years. During the period of my association with her, for the last three years, she has been no less but probably more interested in the philosophical implications of the work inaugurated by the Freudian school, and has been much impressed by Adler and still more by the contributions of Jung. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
