

Reapers, Inc. - Demons Game (Volume 5)

In the fifth and final installment of Reapers Inc., John Blackwick is still on holiday leaving Brigit Malone to continue filling in as the temporary Grim Reaper. When Brigit is caught up in a spell, she is involuntarily entered into a chaotic game devised by a devious demon named Magroth. It is a game that could have dire consequences for mortals and spirits alike. Will she be able to help keep the balance between light and dark, angels and demons? Or will someone lose the game and their existence all together?
