

THE PRINCES BRIDE - Royal Weddings 1 (Harlequin comics)

Julie Britton was content working in the castle at Anders Point, managing day-to-day tasks in the home of the royal family while harboring a secret crush on Prince Erik. When the prince needs a quick engagement to reassure his people and help his ailing father recover, Julie quickly finds herself on the road to being a princess, and soon after, a queen. Though she's marrying the prince she's always loved from afar, is he the same man up close? Can she love someone who is only with her for appearances?
