

## Seven Mirrors: Damon

Strange occurrences stir up a sleepy town in Louisiana. Amanda, the bookworm bachelorette finds an ancient tome in the thrift shop. A novel? A biography? Hard to even describe it, but she is drawn to it, like it was a magnet and finds it harder and harder to distinguish the reality of the book from her own. Meanwhile, a dark couple appears, jacking up the quiet streets of the University town. They are free and unstoppable, with their tattoos emitting an unearthly purple glow. Amanda and her casual acquaintance, Detrick, get themselves tattooed on the very same day, obsessed by a strange symbol, a different one for each of them, yet, they seem to be part of a bigger symbol together like their lives are also becoming part of a grand scheme that has been going on for centuries, or maybe even from the ancient times when humanity was born. The Spirits In the Seven Mirrors is the opening chapter of the twisting, mysterious investigation after the beings locked behind the ancient patterns, who pursue their own goals. Can Michaela fight her own fate? Will Amanda and Detrick find out the truth hidden between the lines in time? How can Nicolette get rid of the visions chasing her? And why are they all attracted to the suddenly appearing theme park, the Wondrous Wonderbilt?
