

## The Hand In Shadow

What are you, after everything you ever loved is taken away? John Nomad once was a normal man, with a good job, loving wife, and beautiful daughter. A demonic creature took their lives, and destroyed everything that John cared about. In the depths of his depression, a blind monk introduced him to a hidden world of power, of men and gods who use exotic powers to change the world around them. He showed John that a powerful group was behind his family's death, and were the real power behind every government and political power on earth. John's depression turned to rage, and a determination to oppose the Unseen Masters, and to avenge his family. He became a part of the Resistance, and he discovered an ability to manipulate Shadow within himself. He became an important and versatile part of the Resistance, called by gods and man The Hand of the World. The enemy has been hiding behind the Kings of the world for thousands of years. We all sense this, and we feel powerless to stop them. Now they are preparing to come into the light, and enslave humanity until the end of time. Will John and his fellow Resistance members be able to stop the Unseen Masters? Find out. Buy a copy of The Hand in Shadow.
