

Human Nature

Human Nature brings the reader from the little triumphs of a morning on a wildland fire crew to a paradise atop the towers of Manhattan thousands of years in the future. In these stories, a person will find a chance to escape the dull and dreary humdrum world we live in to share in triumphs over the weary desperations of pointlessness, to pity and to fear the final moments of men who wanted only to do good in their lives, and to take a hard stand against mis-led muggers. This wonderful panorama shares the unique moments of the lives of others in a way that will inspire love for the common humanity found within.
