

Star Light, Star Bright

Elleah Rayvass has always dreamt that there is something more out there. Something outside the diner she is bound in servitude to, and something beyond the waves of her home planet of Rosite. When a somber stranger enters the diner one day with several questions and an interest in Elleah, she soon finds, under his tutelage, something she could only dream of. Not only a new life away from Rosite, but a destiny awaiting her that impacts not only her world but the whole galaxy.
