

The Crimson Claymore (Claymore of Calthoria) (Volume 1)

Craig A. Price Jr is the author of The Crimson Claymore, an Epic Fantasy adventure novel that has garnered millions of reads, more than 17,000 votes, and more than 1,000 reviews on the social networking platform for readers and writers, Wattpad. The brave warrior Searon is haunted by the deaths of his wife and children at the hands of the savage reptilian draeyks, who are on a bloodthirsty rampage. He walks the land of Calthoria alone and thirsty for vengeance. He hunts the creatures down one by one, showing no mercy. But Searon is a one-man army and no match for the legions of murderous draeyks. Lucky for him, the powerful wizard Karceoles finds him during his travels and enlists Searon in this coming war. Karceoles believes Searon can unite the races to defeat the draeyks once and for all. Searon discovers he can do more damage with Karceoles and a band of warriors they find along the way. But as the war rages in earnest, Searon must make a choice: Is it more important to destroy the draeyks at all costs, or will his quest for vengeance endanger the lives of his new brothers and sisters at arms? Wattpad Review: DUDE I HAD TO FOLLOW YOU!! YOU HAVE THE MOST EPIC STORIES EVER!!! Seriously, I dont think many people write that many high fantasy stories anymore..people nowadays are into werewolves and glittering vampires..(stereotyping here, sorry if its offensive to anyone) but I think we need to go back to the roots when everyone enjoyed a good fantasy story!! Keep being the awesome writer you are! I hope you go far! :D Wattpad Review: Hi.
