

The Elfquest Gatherum Volume One [1]

Elfquest (or ElfQuest) is a cult hit comic book property created by Wendy and Richard Pini in 1978.[1] It is a fantasy story about a community of elves and other fictional species who struggle to survive and coexist on a primitive Earth-like planet with two moons. Several published volumes of prose fiction also share the same setting. Over the years Elfquest has been self-published by the Pinis, then Marvel Comics, then the Pinis again through their own company Warp Graphics and more recently DC Comics.
