

The Trahe Chronicles-Book One-The Chosen Ones

Brooke, Brandon, Diana and Jereco are just ordinary kids from a small town in Michigan, or are they? When a strange spacecraft crash lands on their farm, and their parents suddenly disappear, the Evadeam children discover that humans aren't the only intelligent creatures of the galaxies. In fact, the Evadeams learn they are ancestors from another world in a parallel universe—the planet Trahe. The children embark on a rescue search with their grandfather to Trahe, where they believe the parents have been taken. Trahe is filled with strange creatures—flying pegasi, speaking trees, and giant snakes; some are friendly, some are not. Planet Trahe is in the midst of a bitter tribal war, and to top it off, the prophets say that the Evadeam children are the Chosen Ones, the only ones who can bring peace back to Trahe. Missing parents? Saving a planet? It's a tall order for four kids, and the journey is about to begin.
