

Hidden Gem

Hidden Gem: Book One Misaki Aki Itou is a psia person with mutated DNA granting him psychic abilities. Hes also a contracted companiona whore. It may not be the perfect profession, but having a roof over his head, food to eat, and not being subjected to torture is a dream come true. He is the top companion at the Hidden Gem, and it makes him enough money to buy the prettiest, most sparkly shoes he can find. Shane McNaughton is an Irishman who survived the Third World War and works as a cop. Head of Missing Persons, hes good at finding people, but after the plague of the Third mutated his DNA, he has a hard time letting anyone see the monster inside. Hes been paying for Akis services for two years, both the psi and the sexual kind, but he wants more from the companion. Shane needs Akis ability to see into another persons past to track down a serial killer murdering the children of rich and powerful men, but the more they work together, the clearer it becomes that they are linked through a darker past than either of them realizes.
