

The Keya Quests: The Curse of the Black Sword (Volume 4)

Legions Rise! Seven Months have passed since the double wedding of Keya and Julie. The kingdom of Shivenridge prospers, but Keya struggles with a troubled pregnancy. Doc must find a way to cope with Keyas complications. Her fairy metabolism only makes her condition worse. A young mermaid has come to Orrehaven in search of a guardian fairy and a miracle. Is she too late? Far to the west, an old enemy has found the lost city. Hidden within its walls are weapons of immense power. Its greatest secret though, is a second portal, but finding it has come with a catch. The portal requires a key to unlock its secret. But where is the key? A traitor once again walks among the fairies. Will she succeed in her mission or be discovered. Orren has waited silently throughout the long winter to learn the secret of the rune. A lunar eclipse draws close, if the translation is correct, he must act then. If true, will he actually take his life to free the souls bound to the sword? It is written that a gold-winged fairy can raise the recent dead. If her father breaks the curse, could Keya in her weakened condition bring him back? Join us now for the continuing adventures of Queen Keya as she continues her journeys, her quests.
