

Freaks 2 - The Corruption of the Crystal Castle (Volume 2)

Freaks 2- The Corruption of the Crystal Castle In the warm waters of the Gulf of Mexico, a fishman starts to remember another life. A sound on his surveillance monitor triggers a memory of long ago. He recalls a life of opulence and riches, where he once ruled as a king in a long forgotten secret society of hybrid humans. He had escaped this life, only now to be woken from his reality to save another. The hunt was on. This story continues the adventure of the first book. Cherissa is a freakish, mutant girl who finds a new life far away, in a perfect, sparkling Crystal Castle. After realizing that her beautiful refuge was really a prison, she longs for the love she left behind. Escaping back to the swamp, and the love she knew previously, Cherissa stumbles into a dark, hidden secret. A tale of treachery, betrayal and jealousy. As the story unravels, she is reunited with other lost souls. These strange creatures, unlike herself, are facing the same issues of existing secretly beyond the sight of normal, human society. This story mixes fantasy with a sci-fi/military edge. Appealing to audiences who need a different type of hero. You will learn about corruption, greed and manipulation. Finally cheering for the heroes to win against the unseen enemy of the north. Everything ends with a bang as the epic battle for power continues on.
