

The Dying Breed (Book 1 of the Breed Trilogy)

Three hundred years have passed since the exodus. Aiden is forced to roam the earth cheating and stealing among the lowest forms of life he knows, the humans. The exodus was the answer to a war between two gods. Kilmanagh and his evil sister Dunath. Kilmanagh created the new world for Aiden and his people to escape the reach of Dunath and her children but somehow Aiden had managed to get left behind. Kyle and Vespa, two humans in need of his help track Aiden down. He is unwilling to help them until they produce a Gatekeepers stone. Realizing the possibility was real that he could join his people he agrees to help search for the other two stones. However Dunath, has other plans and sends her children to kill them and retrieve the stones for herself. Their quest takes them across most of the world as they know it. They will encounter many strange things and people. Talon Gall, brought back from the dead to aid them, ambushes by Dunath's Children, the mysterious bag of coins. What is the mystery of the church at Tinnehinch and the cargo they protect. Worst yet, how to kill the banshee hunting them.
