

## The Flame Priest (Silk & Steel Saga)

Heralded by a red comet, the Mordant is Reborn. A thousand years of evil hidden beneath a young mans face, the Mordant returns in the guise of his oldest enemy. Keen to regain his full powers, he weaves his way north, sowing a trail of death and deceit. Kath and her companions leave the monastery, chasing an elusive shadow across the kingdoms of Erdhe, but the dark divide has already begun. Allies are set against allies, tearing the kingdoms asunder. A rebellion rises in Lanverness, threatening the queens life as well as her crown. Trapped within her own castle, the Spider Queen must out-wit the traitors led by her own blood, or surrender her kingdom to Darkness. Across the border, the Lord Raven builds a religion into a fanatical bonfire. A fiery frenzy grips Coronth, fanning the powers of the Flame Priest into a raging threat. The eternal battle of Light and Dark is joined, but few mortals understand the rules.
