

Time and Time Again: the Evermore Trilogy continues

Copyright 2002 by Michael Casher. First Paperback Edition published on January 12, 2005. The Evermore Trilogy adventure continues. Jacks back for more misadventures with Unim, the biped plant from Zeta6. Its seven years later and Unim suddenly appears on Earth, snatched from a wormhole during a routine cargo mission between Hool and Zaroz by an evil time travel project on Earth. When Jack agrees to help the Uli find his Hooligan friend, who is lost somewhere in time, he doesn't know what he's let himself in for. It's Spy vs. Spy as things get so out of hand in Pennsylvanias Allegheny Plateau that even the New York mob gets involved. The alterable future of planet Earth is now in the hands of Jack Rand, Unim and an Air Force Colonel from the past with special ties to an underground alien presence that has been tinkering with Earth's population and its destiny since the days of Roswell. Time and Time Again is an eye-opening, mind-blowing excursion into the timeless mysteries of a boundless Universe where the future is up for grabs and the past never dies.
