

The Unfading

Under the light of the fading stars, a bright-eyed child in a strange boat washes up on the shores of the River Blythe. Calder is expecting another day of fishing, but instead he finds her. He takes the child home to his wife, Eldoris. They call her Carina. So begins Carina's journey to find out who she is and what a faded book in a strange language and a tear-shaped jewel have to do with her ancestry and her destiny. Throughout her journey, Carina is both helped and hunted. In the land of Kelwynden, things are not always as they seem. Carina has heard many stories from the Eldress Altea and the wanderer, Elias. There are tales of those with wings, those who live in the sea, an ancient book, and a wonderful spring. Were those only legends or could they be true? Carina is about to find out. The Unfading is more than a story. It is a story about stories and about finding out who it is you are becoming.
