

Vengeance of the Iron Dwarf (Legend of Drizzt: Companions Codex)

R.A. Salvatore's New York Times bestselling tale of the dark elf Drizzt DoUrden continues immediately on the heels of *Rise of the King*, with an expanding war and greater danger to the finally reunited Companions of the Hall. Bloody war rages across the Forgotten Realms world in the third book of the Companions Codex, the latest series in R.A. Salvatore's New York Times bestselling saga of dark elf Drizzt DoUrden. In the evolving world of the Forgotten Realms setting, the Sundering has given way to months of cloud-cloaked darkness, and war rages under that oppressive sky. The orcs have broken a hard-fought treaty that's held, however tentatively, for a hundred years, and the time to settle old scores has devolved into an all-out brawl for control of the ancient realms of the North.
